**JOB DESCRIPTION:**

Attollo Engineering is seeking a highly experienced and knowledgeable Quality Assurance Engineer to join our growing team and help us continue our legacy of success. Attollo Engineering is a designer and manufacturer of cutting-edge infrared cameras and instruments for defense and industrial applications. Attollo provides competitive salary compensation, a generous benefits package, and 401K matching.

**JOB DESCRIPTION:**

The Quality Assurance Engineer will play a critical role in the maintenance and auditing of our AS9100 quality management system (QMS). The ideal candidate should have significant experience maintaining an AS9100 quality system, experience dealing with government customers, like the DCMA, and managing quality flow-downs.

**RESPONSIBILITIES:**

1. Oversee and manage company quality system documents, metrics, and procedures
2. Manage internal audits, training, and external quality consultants
3. Perform incoming, in-process, and final inspection
4. Ability to generate FAIR documentation for customer deliverables
5. Collaborate with cross-functional teams to ensure procedures accurately reflect business practices
6. Oversee any internal and/or supplier corrective actions, and supplier on-site Quality visits
7. Maintain AS9100 Certification and update on all new quality requirements
8. Maintain and organize all company procedural documentation
9. Train and guide other employees on the basics of quality control and assurance

**QUALIFICATIONS:**

1. Bachelor's degree in a related field
2. At least 5 years of experience in a quality position or a related role.
3. Strong knowledge of AS9100 requirements and government quality flow downs
4. Proficiency in using quality-related software. Experience with SolidWorks PDM or related configuration software a plus
5. Excellent organizational and multitasking abilities.
6. Detail-oriented with the ability to identify potential risks and liabilities.
7. Experience working with the Federal Government, Department of Defense, and DCMA is a plus.
